Confidence · Self Esteem · Success

1.

*In your school,
at your convenience.*

PEERWORX® peer tutoring program succeeds like no other. Our certified tutors will meet with your child at your child's school under the supervision of a trained program coordinator; receiving far more one-on-one instruction than your child would ever receive in a classroom full of children, or even in a small group. Tutoring sessions are typically scheduled in 1 hour sessions, 2-4 times per week depending on your child's needs.

2.

*We keep you informed
and up-to-date.*

Once tutors are matched, they are required to meet with your child's teachers to understand the unique learning needs of your child. All of our tutors are required to complete lesson plans for their learners, as well as keep a detailed journal of your child's activities and progress.

Monthly progress and activity updates will be provided to your child's teachers. Teachers can utilize this form to provide feedback and update the tutors on the ongoing needs of your child. In addition, tutors send home weekly tutoring reports to your parents to keep you informed of your child's participation and progress in the program.

3.

*Our tutors are trained
to make the most of
each session.*

PEERWORX® tutors receive 12 hours of training on:

- Reading strategies
- Learning difficulties
- Characteristics of young and remedial learners
